

# INTRODUCING WYZ CONSULTING

Savvy investors span the globe seeking value. Annual investments across the globe total hundreds of billions of dollars, a significant portion of which is in Latin America and the Caribbean. Forecasts call for continuing growth in foreign direct investment globally.

The Commonwealth of The Bahamas is open for business with the government focused on making it easier and more profitable to do that business.

Its geopolitical positioning, global financial and legal infrastructure, as well as professional community make The Bahamas a natural option for servicing the world. In terms of inward direct investment, over \$10 billion has flowed into the country over the last fifteen years in a host of areas. From the utilizing of its near shore positioning, trusted corporate structures and financial services sector, multiples of \$10 billion have been deployed in business around the world. The Bahamas is an investment oasis for innovative and sophisticated investors.

WYZ Consulting Limited seeks out and is sought out by investors who mean business. Its team of partners are unmatched in their knowledge of the economic, financial and business environment of The Bahamas. We network with top professionals and technical experts locally and internationally to ensure that our clients receive best in class services.

When it comes to doing business in and from The Bahamas, WYZ offers you strong support for achieving your goals.

# OPPORTUNITIES ABOUND

The Bahamas is ripe with opportunities in tourism, financial services, manufacturing, high-end residential property development, agriculture, fisheries, offshore education, offshore health, research and development toward patent creation, intellectual property rights royalties innovation, shipping, and more.

Opportunities in The Bahamas are limited only by the creativity and innovation of investors.

## WHY THE BAHAMAS

Why have hundreds of billions of dollars flowed into The Bahamas over the decades? Because the country exhibits a number of characteristics conducive to profitable business, including, but not limited to:

- Stable Government with a Solid Democracy
- Stable Currency
- Excellent and Progressive Commercial and Civil Laws, with a final appeals process to the Privy Council in the United Kingdom
- Literate and Skilled Workforce, with an increasing number of College Graduates
- Affordable Lease Arrangements
- Modern and Reliable Telecommunications Services
- High Standard of Lifestyle Offering for Work and Play, with reasonable Residency Options
- Availability of Land

# THE WYZ PROPOSITION

To provide maximum support to investors seeking to do business in The Bahamas and domestic investors seeking to do business outside The Bahamas.
